

Univar Nordic Quality Policy

Univar Nordic – the leading Nordic distributor of chemicals, specialities, food ingredients and lubricants. The business of Univar Nordic is to act as the link between producers world wide and end users in the Nordic countries with the purpose to create added value for our customers.

Univar Nordic is committed to:

- Meeting statutory and regulatory requirements
- Meeting all agreements with customers and suppliers – with focus on added value.
- Defining assessable quality objectives and provide the resources needed to fulfil these objectives
- Continually improving the effectiveness of the quality management
- Ensure that all employees are trained and empowered to actively participate in the company's quality management process.
- Ensure that everybody has relevant knowledge of this policy within the organisation.

September 2011

Nigel Hayes
Regional Vice President , Northern Region
